Workshop #1: Tallow

Have you noticed all the advertising lately about products made with tallow? Have you purchased products at a Farmer's Market made from tallow? Have you wondered what all the hype is about? Well, so did I, so I have been spending the last year or so learning all I can about the benefits of this amazing product. Join me as we look into one of the newest old products on the market today. Presenter Judy Hart

Our speaker for 2026 is Jalene Buyer

Jalene Buyer calls Edmonton, AB home, where most of her days are spent full to the brim with all the beautiful chaos that comes with raising and homeschooling

three little people. She is wife to Adam, and mama to Libby, Hallie, and Jack. Despite the full days of this season - she tries to give herself the grace of hiding away with a cup of coffee, her guitar, and notebook to weave words or melodies together. Whether on a page or a screen, in a living room with a small circle of friends, or on a platform - her heart spills over when she gets to take these words and melodies and use them to invite others back to the feet of Jesus.

Jalene's educational background is in leadership, song writing, and theology. She recorded a full length album, *Only One Thing is Needed*, with her husband Adam, in 2013; a solo EP, *Still* in 2016, and recently released two singles: *Wait and Love Has Made a Way* in 2024/2025.

Jalene loves lattes, heart-to-heart conversations, kick-boxing, and being outside in God's creation.
